Place your mouse over “Centers” and then over a category that interests you. You’ll see a menu of topics to choose from within that category. Click on a topic.

The screenshot shows the Norwich Public Library EBSCO LearningExpress website. At the top left is the library logo and name. A search bar contains the text "Find Tests, Tutorials, eBooks." with a magnifying glass icon. The EBSCO LearningExpress logo is on the right. A dark blue navigation bar includes "Home", "Centers" (circled in red), "Julia Greider" with a dropdown arrow, "Contact Us" with an envelope icon, and "Help" with a dropdown arrow. Below the navigation bar, the "Centers" dropdown menu is open, listing various categories with right-pointing arrows. The "Computer Skills Center" is highlighted in yellow. A sub-menu for "Computer Skills Center" is also highlighted in yellow, listing several topics. A green arrow points to the sub-menu with the text "Click on a topic". Other elements include "My Center" with a "Download My Center (.CSV File)" button, and a grid of content categories: Tests, Microlessons, eBooks, Computer Courses, and Articles.

Welcome to this module in the Introduction to the Personal Computer course. There are many exciting topics coming up to help you understand the world of computers. I am Sheri Tingle and I'll be your instructor for the next six lessons. I will cover information to help you understand more about using a computer. And by the end of this module, you will have a great base foundation upon which to build your computer usage. The content will give you a basic overview of concepts and terminology. It's entitled introducing personal computers. We will start by exploring the importance of computers and share a few ideas about how useful they are in life. Next, we will be discovering things you can do with a computer. Here I will share a few everyday tasks that you may find a computer helpful for in your world. Third, we'll move into learning different types of computers because there are many options for different tasks and personal preferences. We'll follow that up with reviewing basic terminology for beginners to help everyone feel comfortable with the words commonly associated with computers. Our next topic is understanding operating systems to help clarify major differences in types of computers. And the final lesson, explaining the "Cloud." This will solve the big mystery and help you understand what the "Cloud" is all about. It's time to get started in this module in the

From any page, place your mouse over your name and click on “My Center” to return to lessons that you’ve begun.

The screenshot displays the EBSCO LearningExpress website interface. At the top left is the Norwich Public Library logo. A search bar at the top center contains the text "Find Tests, Tutorials, eBooks." with a magnifying glass icon. The EBSCO LearningExpress logo is positioned at the top right. A dark blue navigation bar includes links for Home, Centers, Contact Us, and Help. A user profile dropdown menu is open, showing the name "Julia Greider" and an upward arrow. The menu options are "My Center", "User Settings", and "Log Out". A red dashed circle highlights the "My Center" option. Below the navigation bar, the "My Center" section is active, showing a list of course categories: Tests, Tutorials, Microlessons, eBooks, Computer Courses (underlined), Articles, and Flashcards. Below these are links for "Scholarship Finder Dashboard" and "School Finder Dashboard". The main heading "Computer Courses" is displayed in a large blue font. Below the heading, there are two status indicators: "In Progress: 1" and "Completed: 0". The first course listed is "Introduction to Personal Computers", which is marked as "IN PROGRESS". The course description states: "If you are new to the world of computers, this course was created for you! You'll explore why computers are so important in today's society and all the different and exciting things you can do with one. Plus, you'll learn about the different types of computers, find out about the 'cloud,' review important computer-related words, and more." The total course time is listed as 0:50:32. Navigation icons for back, forward, and delete are visible on the right side of the course card.
